BLACKJACK CARD COUNTING - HOW TO BE A PROFESSIONAL GAMBLER (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. How to become a professional blackjack card counter. The good news is you don't have to be a mathematical genius to learn how to count cards, the bad news is many of the Hollywood movies depicting the life of a card counter as fast cash and penthouse suites make it all seem a little too easy. This book will give you a realistic look at what it takes to be a professional card counter. I will take you step by step through the entire process. The only two things you need to be able to do to learn card counting are memorize and practice. This book isn't filled with hypothetical theories, it shows you the exact steps you need to take to learn to count cards. Now don't get me wrong, learning everything in this book will not be easy but most people can do it if they dedicate themselves to learning. However, card counting is much more than simply learning the process, the hard part is finding the right games and not being detected by the casinos. Those areas will be covered as well....
